

ALOHA MEAL ACCOUNTABILITY

Aloha

Aloha Meal Accountability is a powerful solution ideal for universities, corporate cafeterias and other situations in which meal plans, debit plans and credit plans are extensively used. Aloha Meal Accountability operates in real time and can handle a significant volume of cards. This innovative software solution gives you the ability to track and control prepaid debit, charge and prepaid meal accounts. The most common instances for the use of Meal Accountability today are student meal plans in university cafeterias and payroll deduction in hospital and corporate cafeterias.

CREATE MULTIPLE PLANS EASILY

- Specify limits for daily, weekly, monthly and total meal counts
- Impose daily limits on a meal type-specific basis
- Classify user-defined meal types that account holders can consume

IDEAL FOR STUDENT & CAFETERIA MEAL PLANS

- Designed for environments with fixed populations
- Used for student meal plans in university cafeterias and payroll deduction in hospital and corporate cafeterias
- Classify user-defined meal types that account holders can consume

CUSTOMIZABLE TO MEET YOUR NEEDS

- Interfaces with Aloha QuickService and TableService, the VeriFone TRANZ 330 card reader and non-Aloha POS solutions

MEAL ACCOUNTABILITY REPORTS:

- Account Balance – grouped by plan, card number or last name
- Transaction Detail – grouped by plan, card number or last name
- Transaction Summary – lists totals grouped by date, revenue center and transaction type and allows users to drill down into the totals to view transaction detail
- Plan Balance Summary – displays a starting balance for a specified date range, activity total by a transaction type and the ending balance for each plan in the system

KEY FEATURES OF ALOHA MEAL ACCOUNTABILITY:

- Real-time interfaces with a variety of POS devices
- Offline transaction capture on VeriFone POS devices
- Recognize multiple magnetic card/bar code formats within one installation
- Filter and sort reports based on user-defined criteria
- Print report totals only
- Export reports to a variety of formats, including HTML, RTF and PDF
- User-definable business-day start time
- Create recurring future transactions for specific accounts
- Allow users to reset account plan balances either automatically or on a user-defined schedule
- Import/export tasks can be written on a customer-specific basis
