Searsucker

Searsucker is the latest venture from Brian Malarkey (of Bravo's *Top Chef* fame) and James Brennan (Stingaree, etc) located in the heart of the Gaslamp District. It's cool, it's hip, it's an ultra-modern restaurant full of comfy couches! Its very matter-of-fact menu of classic cuisine is divided into seven sections: Bites, Smalls, Greens, Ocean, Ranch, Farm & "and". Following suit with James Brennan's other highly successful venues, Stingaree, Side Bar, Universal and Bar West, they did not hesitate to put Aloha POS in Searsucker. The name is a play on words for Chef Malarkey's favorite old southern suit!

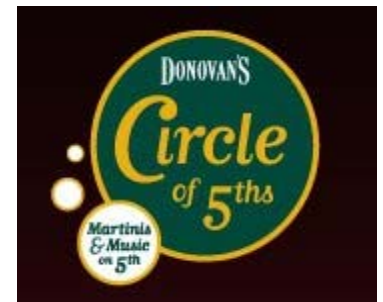

Burger Lounge

Opening its fifth location in September, at 406 University Ave in Hillcrest, Burger Lounge has quickly become a San Diego favorite. Already winners of "Best Hamburger Joint" by *San Diego Magazine*, Burger Lounge grew out of the idea that a hamburger should not only taste great, it should also utilize healthy ingredients produced in a sustainable environment. They are currently rolling out Aloha POS in all locations.

Circles of Fifths

From Dan Shea of "Donovan's Steak & Chop House" comes "Donovan's Circle of Fifths" which is downtown's newest and hottest martini lounge with live entertainment and a small bite menu. Located on 5th Ave in the Gaslamp

District of San Diego, it provides a venue to relax, enjoy a great cocktail or glass of wine, light fare and live background music. This is the fifth location in the family of Donovan's restaurants - all using Aloha POS on hardware from Radiant Systems!
